

INVESTMENT POLICY

The Fund will seek to achieve capital appreciation in the medium term by investing predominantly in a portfolio diversified by alternative management Fund strategies. Strategies may include, but are not limited to, relative value, corporate events, long/short equity, market direction opportunities, or short selling. The objective of the Fund is to achieve an annual revaluation, gross of commissions and not guaranteed, determined as the sum of the yield that would be obtained from an investment in the temporary acquisition of 1-day Treasury Bills plus 200 basic points without exceeding volatility, not guaranteed, 5% per year. A more complete description of the investment policy can be found in the key investor information document (KID) available at www.sabadellassetmanagement.com.
