

INVESTMENT POLICY

The Fund invests primarily in corporate bonds. About half of the investment will be focused on high yield bonds, while the other half will be invested in bonds having credit quality suited to institutional investment. The aim is to provide the investor with a higher return than would otherwise be available through investment in public debt in the Eurozone, purchasing assets with a lower or no rating. Further description of the investment policy can be found in the key investor information document (KIID), which is available at www.sabadellassetmanagement.com.
WARNING: This Fund can invest up to 100% in fixed income securities rated below investment grade, which represents a high credit risk.
